Dear Mark Bottineau:

On behalf of the Thames Valley District School Board and its students, I would like to thank you and Fincore Solutions for supporting the Supplies for Students Program.

Unquestionably, we all share the excitement that is so naturally a part of preparing for back to school. However, we all recognize that there are many children in our school system whose families struggle to provide the "extras" that children need as they begin the new school year. These are items over and above those provided by the schools. It is these extra items that often make a difference in how a child feels as he or she attends school and can in fact impact on a child's self-esteem.

Please know that your contribution helped the children that needed it most across the Thames Valley District School Board. We hope that we can count on your support once again in 2011. Thank you most kindly for working with us toward our vision of a Caring, Learning Community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rena Princis', written over a light blue horizontal line.

Rena Princis
